

WELCOME

We Envision

...a ubiquitous, faster electronic solution for making a broad variety of business and personal payments.

We Envision

... strong payment system security that engenders public confidence, and a nimble industry that keeps pace with rapidly evolving threats.

We Envision

...further payments electronification and enhanced efficiency for domestic and cross border payments...

... driving lower societal costs and greater innovation.

We Envision

...the future payments system will be the product of an unprecedented era of industry collaboration.
